Day*

PETA *Presents*

You Have Received a PETA Present!

A gift in your honour was made to support PETA's life-saving campaigns to stop cruelty to animals and make the world a better place for all living, feeling beings.

I've made a gift to PETA in your honour. The group's vital work to oppose speciesism and promote animal rights is changing the world and ending the hideous suffering that animals endure for experimentation, food, clothing, and entertainment.

Thank you for everything you do to help animals.
