

**PETA** Presents

## **No Bunny Loves You More!**

Someone is *hopping* with excitement about you! You've received a PETA Present – a gift in your honour that strengthens our work promoting cruelty-free clothing and compassion for all animals.

I've made a gift to PETA in your honour. The group's vital work to oppose speciesism and promote animal rights is changing the world and ending the hideous suffering that animals endure for experimentation, food, clothing, and entertainment.

Thank you for everything you do to help animals.
