

PETA *Presents*

Udderly in Love with You!

Someone is *moosmerised* by you! You've received a PETA Present – a gift in your honour that makes a difference for animals suffering on factory farms and promotes compassion for all living, feeling beings.

I've made a gift to PETA in your honour. The group's vital work to oppose speciesism and promote animal rights is changing the world and ending the hideous suffering that animals endure for experimentation, food, clothing, and entertainment.

Thank you for everything you do to help animals.
